Card size – 160 x 160mm

## WELCOME

Delve into our catalogue to discover our huge range of greeting cards. Each and every one designed and hand illustrated by Janie, and printed in England.

Janie uses a colourful pallet to create designs that are both original and eye catching. There are cards to cover all occasions, from birthday's, to life's anniversaries, to the celebration of the birth of a baby or cards to just reach out to somebody to tell them that you are thinking of them.

The sentimental gesture of sending a card has such an important and touching effect on the recipient. The tradition of a handwritten note inside a carefully chosen card resonates with us all.

*Helping to save  
our beautiful planet.*

The cards are made from board sourced from sustainable forests and can be recycled. The foil and flitter finishing on our cards is also eco-friendly and recyclable.

The cards are packaged in a biodegradable, compostable bag or supplied unwrapped with a compostable band to keep the card and envelope together.
