HELLO & WELCOME

As Paper Salad enters its 20th year in business, we're excited to showcase our newly innovated designs, where we've taken advantage of various specialist printing techniques and exhausted them to reach maximum impact, thus helping us catch the eye of the consumer.

Last year saw lots of change here at Paper Salad HQ with co-founder and lead designer, Karen, acquiring full ownership of the business. The vision remains and our passion for the brand is stronger than ever, with a priority to help you find the perfect card for that someone special amongst our multi-award winning ranges.

Recent triumphs, Fleurescent and Sunshine, sit alongside fellow award winners so beautiful we can't help expanding, as we continue to innovate in the contemporary trend market of greeting cards, whilst using high quality luxury board, deep emboss, recyclable foil and of course an abundance of colour!

We're passionate to ensure that the materials used to make our products are all from sustainable sources and are printed in the UK.

All of our collections are available to order plastic-free and are fully recyclable.

The Paper Salad team are dedicated to providing you with fabulous customer service. From the picking, packing and dispatching of orders; to helping our lovely customers with everyday queries and guidance to ensure an enjoyable experience when buying from us.

Thanks for taking time to browse through our 2025 catalogue, we hope you love our cards as much as we do! xx
